All great performers have a quality of spirit, light, and inspiration that pervades their Being, allowing audiences to be truly moved by their performances. However, to bring through such an uplifted energy on a consistent basis can be quite challenging for many performers.

We all have to overcome certain negative circumstances and obstacles in our daily life, as part of being human. And it is often difficult to keep these personal challenges from spilling over into our work. But no matter what happens in a performer's personal life, the show must go on. He or she must be enlivened, energized, and ready to deliver an inspired performance.

Everyone who wants to give consistently uplifting performances can benefit from the ENERGY ELEVATION PROCESS — a profound aspect of Phyllis Light's "Telepathic Healing" work. As Phyllis clears negativity from your subconscious and raises the vibratory level of your energy field, tremendous light and healing come through to allow you to give the performance of a lifetime. . . every time!
